

SLEUTH ARRESTS POLICE SQUAD

WHO TRAP HIM

Eight Reserves Capture
"Burglar," Who Takes
Them, Too.

TRAGEDY ON A ROOF.

Maid, Heard Sentinel and
Called Up Sergeant
Over Phone.

Detective Sergeant McDonald, of the East Fifty-first Street Station, did not arraign eight policemen in court today and charge them with burglary, nor did the eight bluecoats arraign McDonald, though it looked for a time, just before midnight, as if the nine men would arrest each other on the roof of Dr. Allan M. Thomas's home, at No. 53 West Fifty-fourth street.

Because two attempts have been made to rob the doctor lately, and other homes in the same neighborhood have been visited by thieves, Capt. Lantry sent McDonald to sit sentinel on the housetop and capture any burglars that came along. John D. Rockefeller's mansion and those of other rich men are near, and the Captain thought he would see to it that the burglars were caught. McDonald went to the roof of the East Fifty-first Street Station another attempt was being made to rob Dr. Thomas.

Maid Called Reserves.
There was a chimney near a skylight behind which the detective could conceal himself, to get up occasionally and quietly look over the other roofs about. He had just made a pilgrimage to the best viewpoint and returned to his chimney, when a maid in the room below, who had heard him walking, tipped to the telephone and told the police of the East Fifty-first Street Station another attempt was being made to rob Dr. Thomas.

The sergeant sent the reserves in a hurry, eight of them, armed with revolvers and nightsticks, and determined to catch the burglar or know the reason. At the Thomas residence they were let in and crept silently to the roof, where they saw their man crouching behind the chimney. McDonald heard them coming and it occurred to him that he had permitted the burglars to outwit him; they had got in the house even while he was waiting to nab them. But he thought there might still be a chance to make a wholesale arrest.

Arrest Each Other Together.
The eight were so certain of catching the lone robber some of them did not even draw their pistols. McDonald, however, had his trusty weapon ready to cover the entire gang.
He could see only the dim outlines of the eight "burglars," and they could just make out his figure as the form of one "burglar." There was not sufficient light for any one's identity to be established.

The eight policemen and the detective took the offensive at the same moment. As the bluecoats closed in on the detective they told him he was under arrest—that it was no use to resist. At the identical instant he served notice on them to the same effect.
McDonald knew some of the policemen and they knew him, so when the conversation opened the mistake was soon explained and the detective was left to watch the block from his roof.

DEAD WITH TWO GAS JETS FLOWING

Young Costa Rican Said to
Have Been an Artist
Commits Suicide.

Daniel Gomez Miral, Miralles, a young Costa Rican, who, on last Saturday, rented a shabby hall bedroom in the furnished-room house of Max Frankl, at No. 70 Ninth avenue, was found dead on a bed to-day with the gas turned on at two burners. Coroner Sherry and the policemen on the roof think it was a suicide.
Young Miralles had told Frankl in badly broken English that he was an artist in his own country and made a good living. Here, however, he worked as a hand in the plant of the National Electric Company, discharging across the street from Frankl's house.
Passing through a hallway on the second floor Frankl smelled gas, and traced the smell to the stranger's room. The door lacked a key, but it had been fastened on the inside with a wire cord. NEW HEAD OF NEWARK POLICE NOT YET NAMED.

The Board of Commissioners Will
Probably Make Temporary
Appointment Thursday.

The Newark Board of Police Commissioners has appointed a committee to arrange for the funeral of Chief of Police Adams, who committed suicide in Branch Brook Park yesterday. The funeral arrangements have not all been made, but the burial will probably take place on Thursday.

The Police Commissioners have taken no action in regard to the appointment of a new chief. President Reader is in charge of the department. A meeting of the board will be held Thursday, when an acting chief will probably be appointed.
It is said that one of the older men in the department will be named. Among those in line for the office are Detective Sergeants William Carroll and Michael Tully, Sergeant Tracey, and Sergeant Ashley, of Police Headquarters, and Desk Sergeant Michael Ryan, of the First Precinct.

CANDIDATE BILL PASSED.
ALBANY, April 15.—The Senate today passed unanimously the bill prohibiting voters from joining in nominating for an office a candidate for whom they are not entitled to vote.

SKULL CRUSHED BY MANHOLE COVER

Gas Blew It Up Into Face of
James Phelan, an
Electrician.

James Phelan, an electrician employed by the Edison Company, was fatally injured to-day by a manhole cover which was blown from its place at Forty-second street and Fourth avenue by an explosion in an electric conduit. The cover struck him on the head and the completely crushed his face. The force of the explosion hurled him some ten feet and his skull was fractured.
Phelan, with an assistant, went to the corner to look after trouble in the cable running under the surface of Forty-second street and along the roof of the subway. He selected a manhole cover about half way between the corner of the Hotel Belmont and the street-car track and began to loosen the bolts.
The conduit was full of explosive gas. Whether it blew up when the cover struck it or was ignited by a spark from Phelan's wrench is a question which the coroner's jury will decide. The coroner saw Phelan shoot toward the cover at a distance of about five feet. He had his face directly over the manhole cover when it exploded. The assistant was not injured.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a flower which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. Few young women appreciate the shock of the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. More than a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. It is made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and make its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Bad Symptoms. The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.
No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle wrapper and attested under oath as complete and correct.

In any condition of the female system Dr. Pierce's Favorite Prescription will cure—never fails. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of the system become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of the "Favorite Prescription." It will not perform miracles; it will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Doctor's All Agree. The most eminent writers on *Materia Medica*, whose works are consulted as authorities by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medical Discovery. In fact it is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No medicine will. Nor is the "Discovery" so good for a sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs, accompanying catarrh of throat, larynx and bronchial affections. In cases accompanied with wasting of flesh, night sweats, weak stomach and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has proven wonderfully successful in effecting cures.

The formula is printed on every wrapper of "Golden Medical Discovery," attested as to correctness under oath, and you can't afford to accept any substitute of unknown composition for this non-secret remedy no matter what selfish interests may prompt the dealer to urge such upon you. In fact it is on *us* to your intelligence for him to do so. You know what you want and it is his place to supply that want.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by Dr. Pierce over 40 years ago. Much imitated, but never equaled. They cleanse, invigorate and vitalize stomach, liver and bowels, curing biliousness and constipation. Little sugar-coated granules—easy to take as candy.

Dr. Pierce may be consulted by letter free of charge. Address Dr. E. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (book) is sent free on receipt of 21 cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.
